Paragon Camptune X Now Resizes Boot Camp Partitions Even on Fusion Drives or FileVault Encrypted Volumes

With Camptune X the whole resize operation is literally as easy as moving a slider!

FREIBURG, Germany, March 12, 2015 – Paragon Software Group (PSG), a leader in data backup, disaster recovery, and data migration solutions, announces the release of Paragon Camptune X with Core Storage technology support, a new and more intuitive and reliable interface based on Mac OS X elements, and the ability to identify and automatically fix an unsynchronized partition layout or any file system errors.

Camptune X solves the maintenance problem that Mac Boot Camp™ users encounter when they run out of free partition space. With Camptune X, Mac users can redistribute the available space between OS X and Windows partitions rapidly without data loss, quickly and easily adding free gigabytes to partitions used by either operating system.

The new version comes with support for Core Storage – a technology that is widely used on the latest generation of Mac computers. This means Camptune X now works efficiently with Fusion Drive equipped Macs, as well as those using FileVault encryption. CampTune X still supports all versions of OS X from Snow Leopard onwards.

Camptune X New Features and Benefits:
- **NEW** Fixes unsynchronized partition layout (GPT<>MBR) and file system errors.
- **NEW** Core Storage support (Fusion Drive/FileVault).
- **NEW** Even more intuitive user interface.
- No need to perform any manual operations. The user reallocates space by adjusting a slider and then Camptune does the job automatically, turning a complicated manual process that can take hours into a simple task that takes a few seconds of the user's time and is usually completed in a matter of minutes.

- No need to reboot the Mac after the resize operation is performed.

Supported Operating Systems

- OS X 10.10 Yosemite
- OS X 10.9 Mavericks
- OS X 10.8 Mountain Lion
- OS X 10.7 Lion
- Mac® OS X 10.6 Snow Leopard

Availability:

Paragon Camptune X is available for 19.95 USD (14.95 EUR).
