PARAGON SOFTWARE GROUP SIGNS SOFTWARE LICENSE AND DISTRIBUTION AGREEMENT WITH INTERCOM, JAPAN

Paragon Software Group grants Intercom right to license and distribute Japanese versions of Paragon Partition Manager 6.0 and Paragon Drive Backup 6.0 to end users, dealers, distributors, resellers and OEMs in the Japan Market

Buggingen, Germany -October, 2004

Paragon Software Group (PSG), the European specialist for innovative data security and data management technology has signed a software license and distribution agreement with **Intercom**. Since 1982 Intercom, Inc. had focused on delivering innovative communication software products for the high-end commercial and professional markets. Now Intercom's software are sold at more than 1,500 retail stores in Japan and have also supplied to major manufactures such as PC and peripheral makers on the OEM.

Under the terms of this agreement, Intercom, Inc will market and distribute Japanese versions of Paragon's Drive backup 6.0 (<http://www.drive-backup.com/>) and Partition Manager 6.0 (<http://www.partition-manager.com>). Comprehensive feature list, intuitive wizards and clear user interface makes Paragon Drive Backup 6.0 and Paragon Partition Manager 6.0 reliable, fast and effective backup and partitioning solutions. Paragon's system utilities are complete tools for all kind of disk management tasks and professional disk deployment.

"This agreement with Intercom is an important step in our growth at Asian markets," Said Jens Strohschneider, sales and marketing director of Paragon Software Group "Adaptation of our hard disk management system utilities in the Japanese market is a reflection of the value that our solutions can deliver to customers worldwide"
